Index to SIGNAL

Volume XVIII

September 1963 thru August 1964

TITLE INDEX	Issue No.	Page
A		
1. AFCEA Army Communications Symposium	9	49
2. AFCEA National Scholarship Awards	12	65
3. AFCS Commander's Report	2	16
4. AMR Extends Undersea "Hard Wire" to Antigua	5	8
5. AT&T May Use CSC Circuits	6	24
6. Advanced Range Instrumentation Ships	10	24
7. Advances in Communications Systems	9	32
8. Air Force Communications Recovery Progress ("Build Back")	11	46
9. Air Force Defines 1965 Defense Requirements	8	32
10. Air Force Role in the Global Operations of the Defense Communications System	1	40
11. Airborne Relay Communications	11	47
12. Annular Eclipse Photography	3	9
13. Another WESCON But Different (1963)	2	7
14. Anticipating WESCON (1964)	12	8
15. Apollo—The Many Reasons Why	9	73
16. Army Communications in the Combat Area	11	42
17. Army Communications Needs	10	12
18. Army Defines 1965 Defense Requirements	8	11
19. Army Reorganizes its Communications-Electronics Structure	7	18
20. Army's Role in the Global Operations of the Defense Communications System	1	31
21. Army Surface Environment for Satellite Communications	1	46
22. Atlantic Missile Range: World's Largest Electronics Laboratory (1963 Convention Panel)	2	29
23. Automation and the Defense Communications System	9	26
B		
24. Bell Communications Seminar	3	36
C		
25. Career in Engineering, A	12	46
26. Centralized Management and Leasing of Department of Defense Communications	1	53
27. Common Carrier Planning for National Digital Communications Facilities	11	62
28. Communications During a National Tragedy	7	27
29. Communications-Electronics Systems of the Atlantic Missile Range (1963 Convention Panel)	2	30
30. Communications for the Navy of the 1970's (1964 Convention Panel)	12	27
31. Communications for the Navy of the 1970's, Panel Keynote Address	12	27
32. Communications Hill	10	32
33. Communications in Conflict Management, The Role of	12	40
34. Communications Techniques for the Army of the Future, Some New	11	43
35. Comptrolling World-Wide Communications	1	50
36. Constructive Look at Division-Level Electrical Power Generator Equipment, A	5	36
37. Contract Problems with DOD	7	34
38. Contract Test Region Established	5	28
39. Convention Opening Ceremony: 1964	11	6
D		
40. Data Communication Concepts and Trends (1963 Convention Panel)	2	54
41. DCA Communications Control World-Wide	1	10
42. DCA Special Issue: An Editorial	1	6
43. Defense Contractors—Be Prepared	10	34
44. Defense Electronics Supply Center	8	29
45. Demise of the "Black Box" in Naval Communications, The	12	36
46. Digital Communications, New Development Areas in	11	65
47. Digital Communications, Outlook for Air Force Applications of	11	55
48. Digital Communications in the Tactical Area, Role of	11	53
49. Digital Communications in World-Wide Environments, Planned Use of	11	50
50. Direct Energy Conversion Travels the Pathways of Tomorrow (1964 Convention Panel)	12	49
E		
51. 1812—The Oddball War	6	30
52. Electronic Information Display and the Commander	9	56
53. Emergency Mission Support Operations of the AFCS	9	34
54. Evolutionary Improvements of Modern Military Communications Systems	9	67
F		
55. FAA's Direct Pilot/Controller Communications	4	13
56. Facsimile—The Copying Telegraph	9	70
57. Federal Interests in Research and Development	9	51
58. Federal Telecommunications for the Civil Government	5	14
59. 50 Years of Amateur Radio	9	85
60. Functional Modular Packaging for Military Applications	3	38
61. Future Course of Naval Communications, The	12	34
62. Future Naval Forces	12	30
63. Future Trends in Tactical Communications	2	12
H		
64. Handicapped Twins Go On The Air: An Editorial	4	35

Index to SIGNAL (continued)

TITLE INDEX	Issue No.	Page
65. Harnessing Subscriber Services and Equipments (1963 Convention Panel)	2	52
66. Highlights of NASA Communications and Electronics Programs (1964 Convention Banquet Address)	11	18
67. Historic Telephone Given to Signal Corps Museum	10	27
68. History and Technology Museum Opens	8	37
69. Holiday Greeting, A	4	4
I		
70. Impact of Communication Satellites On Industry and Defense Information and Control System Planning and Development (1963 Convention Panel)	2	50
71. Impact of Microminiaturization, The	9	58
72. Inconspicuous Relay, The	3	12
73. Inertial Systems—The Key to Precision Navigation	9	64
J		
74. JCS and DCS—Teamwork for Effective Command and Control Communications in our Military Forces	1	28
L		
75. Large Power Potentials	12	60
76. Letter to the Editor, A	5	40
77. Long Range Development Needs for the Atlantic Missile Range (1963 Convention Panel)	2	42
M		
78. Management—A Challenge and an Opportunity	3	24
79. Management of Communications Research and Engineering Programs	11	40
80. Management of the DOD Communications Satellite Program	1	14
81. Manned Orbiting Laboratory Plans in Progress	8	9
82. Marine Corps Defines 1965 Defense Requirements	8	39
83. Meeting Scientific Information Needs	4	23
84. Message From the Director, DCA, A	1	9
85. Meeting Present and Future Demands of Ground-Air-Space Communications Systems Planning (1963 Convention Panel)	2	46
86. Monorail—Tomorrow's Transportation?	8	42
87. Moon Bound—An Editorial	8	6
88. Mr. Lincoln and the Telegraph	6	36
89. Multiple Aperture Magnetic Devices	3	13
N		
90. NATO VLF Facility in England	7	8
91. National Communications for the Nuclear Age (1964 Industrial Luncheon Address)	11	34
92. National Communications System	2	15
93. National Military Command System, The	1	17
94. Naval Communications of the Future	9	62
95. Naval Material Support Establishment	7	14
96. Navy Defines 1965 Defense Requirements	8	22
97. Navy's Role in the Global Operations of the Defense Communications System, The	1	36
98. New Face of the Army (1964 Keynote Luncheon Address)	11	11
99. New Line of Low Cost Teletype Equipment	9	76
100. New Mobility in New England Communications	7	26
101. New Trends in Communications Switching	7	40
102. New VLF F-M Communications Systems for Military Vehicles, A	10	28
103. Next Decade in Digital Communications, The (1964 Convention Panel)	11	50

TITLE INDEX	Issue No.	Page
O		
104. Obsolescence of Technical Manpower, The	4	25
105. Oceanographic Data Links	3	6
106. Our National Space Program	7	6
P		
107. PCM Systems Fulfill Promise of Telemetry	6	8
108. Panel Introduction, Martin Company	11	39
109. Panel Introduction, Radio Corporation of America	12	49
110. Panel Introduction, Raytheon Company	11	50
111. Panel Introduction, U. S. Navy	12	28
112. Philips Research Program on Thermionic Conversion, The	9	78
113. Photography in Space	5	27
114. Present and Future Trends in Industry and Defense Communications (1963 Convention Panel)	2	48
115. Presenting AFCEA's New Directors: 1967	2	10
116. Presenting AFCEA's New Directors: 1968	12	6
117. President Lyndon B. Johnson's First Message to the Armed Forces	5	7
118. Prestige of the Military Careeer Today, The	12	10
119. Profit Guidelines on Defense Contracts	4	28
R		
120. RCA Develops New Memory System	8	14
121. Range User Report on AMR C-E Services (1963 Convention Panel)	2	34
122. Reliability for Communications Satellites	6	26
123. Reliability—The Economic Pitfall	8	7
124. Reliability in the Electronics Field	5	11
125. Reliability Today and Tomorrow	7	29
126. Report of ITU	3	33
127. Research Aspect, The	12	38
128. Research for Electronics in Space	10	16
S		
129. 17th Gurkha Signals Regiment	5	33
130. Significance of Adequate Ground C-E Support in Manned Spacecraft Operations (1963 Convention Panel)	2	37
131. Solar Energy Conversion	12	50
132. Space Communications Research and Analysis	11	59
133. Space Law and Government: Book Review	5	38
134. Statement From the Secretary of Defense, A	1	8
135. Standards Pave the Way	1	62
136. Survival Through Communications (1964 Convention Panel)	11	39
T		
137. TV Camera Tube for Space Use	5	30
138. Teamwork in Spectrum Conservation	10	6
139. Technologies Continuing Progress	6	7
140. Television Operations at the Army Pictorial Center	4	32
141. Thailand Telecommunications Development Tightens Southeast Asia Security	4	16
142. Thermionic Energy Conversion	12	56
143. Thermoelectric Energy Conversion	12	52
144. Tomorrow's Photography in Space	7	36
U		
145. Understanding Through Animation	3	30
146. Unique Military Characteristics of Medium Altitude Communication Satellite Systems, The	1	58
W		
147. Washington and Moscow Linked Via "Hot Line"	4	8
148. What Happens to the Retired Communicator?	6	33
149. Which Way is Amateur Radio Going?	6	15
150. World of Microwave, The	9	37

Authors' Index

The numbers in the listing below refer to the numbers of the Title Index on pages 113 and 114

A

AFCEA Cape Canaveral Chapter 22
Andrews, Dr. M. C. 7
Atlantic Missile Range, The 22

B

Bachtel, Lt. Col. Charles L., USA 36
Baird, W. J. 13, 14, 42, 64, 87, 139, 145
Bell System Report 28
Bergquist, Maj. Gen. Kenneth P., USAF 3, 53, 118
Bestic, Maj. Gen. John B., USAF 93
Block, Fred G. 142
Brahm, Thomas 144
Burns, Dr. Robert O. 33

C

Clark, L. P., Jr. 107
Collings, Lt. Col. Kent J., USA 148
Conrad, Robert B. 58, 100
Cooley, Austin J. 56

D

Davis, Maj. Gen. Leighton I., USAF 22
Day, Lloyd R. 109
Dean, Wilfred, Jr. 111
Decker, R. H. and Kammer, D. E. 102
de Rosa, Louis A. 85
Dingman, J. S. 5
Dorsey, RAdm. Jack S., USN 80

E

Ehrlich, Robert W. 27, 65
Elms, James C. 15
Estes, Lt. Gen. Howell M., Jr., USAF 125
Evans, B. O. 40

F

Fahrney, Lt. Col. Richard L., USAF 49
Feldman, Herbert 60
Fischbeck, Dr. Kenneth 75

G

Gibbs, Maj. Gen. David P., USA 16, 20, 52, 63
Gilbarte, John F. 37
Goldberg, Dr. Harold 110
Goldsworthy, Brig. Gen. Harry E., USAF 124
Graham, Beardsley 70
Gray, Robert 121
Greene, Gen. Wallace M., Jr., USMC 82

H

Haas, Donald L. 11
Hall, Dr. Albert C. 81
Hawkins, The Honorable Willis M. 17
Haworth, Dr. Leland J. 57
Hess, Dr. George 77
Hodge, John 130
Holland, John 113
Holzer, Johann 48
Hooper, RAdm. E. B., USN 105
Hoover, Herbert, Jr. 59
Horwitz, The Honorable Solis 91

I

ITT Communications Systems, Inc. 85

J

Jacobs, N. A. 99
James, Captain Daniel V., USN 61
Johnson, R. W. 76, 89
Johnston, Brig. Gen. J. Wilson, USA 21
Jones, Richard E. 29

K

Kelley, Dr. Albert J. 128, 132
Kennedy, John F. 92
Kerr, J. C. 43
Klem, Robert L. 142

L

Lazur, John W. 46
LeMay, Gen. Curtis E., USAF 9
Loucks, Ivan H. 149

M

Martin Company, The 136
McCallick, H. E. 104
McDavid, Brig. Gen. John A., USAF (Ret) 74
McDonald, Adm. David L., USN 96
McGinnis, Charles E. 34
McElvie, Lt. Col. C. W., USAFR (Ret.) 26
Metcalf, George F. 108
McNamara, The Honorable Robert S. 134
Miller, RAdm. George H., USN 62
Moore, Willie L., Jr. 79
Moorman, Maj. Gen. Frank W., USA 98
Mosley, W. Kelly 25

N

Northwood, RAdm. Robert H., USN 44

O

O'Connell, Lt. Gen. James D., USA (Ret.) 138
Oliver, Benjamin H. 150
Osterman, John A. 24

P

Pagenkopf, Walter H. 69
Phillips, James R. 88

R

Radio Corporation of America 50
Raish, Captain L. R., USN 126
Rappaport, Paul 131
Raytheon Company, The 103
Ritter, Dr. Edmund S. 112
Roberts, Col. Donald W., USAF 47
Roeder, RAdm. Bernard F., USN 31, 94, 97
Rose, Joseph 135

S

Sampson, Brig. Gen. George P., USA 41, 147
Sandretto, Peter C. 114
Scharffenberger, George T. 73
Schenck, Herbert H. 4
Schoech, Vice Admiral William A., USN 95
Selby, John D. 122
Shiflet, Col. Kenneth E., USA 32, 72
Sibold, Captain Arthur B., Jr., USN 45
SIGNAL Staff Report 38, 67, 68, 83, 86, 120, 133, 137
Sprague, Robert C. 123
Springer, Major Robert M., Jr., USA 129, 141
Starbird, Lt. Gen. Alfred D., USA 23, 84
Stoddard, Dr. Laurence G. 12

T

Taylor, Alford R. 35
Taylor, Maj. Gen. J. Francis, Jr., USAF 8, 10, 54
Trueger, Paul M. 119

U

U. S. Navy 30

V

Vance, The Honorable Cyrus R. 78
Venaglia, Eugene J. 6
Venn, Douglas A. 127

W

Walker, Lt. Col. Robert M., USA, (Ret.) 51
Warren, Lee E. 55
Watts, Brig. Gen. W. Walter, USAR 71
Webb, The Honorable James E. 66
Weldon, James O. 90
Welsh, Dr. Edward C. 106
Wheeler, Gen. Earle G., USA 18
Wolff, Fred G. 101
Wright, Lt. Col. Edward N., USAF 146
